Microbial Water Remediation

Our biological products are 100% natural and earth friendly. When introduced into the natural environment they stimulate indigenous microbial, enhancing the biological process and accomplishing in days and months what would normally take nature years. Our products are live cultures which contain a composite of micro-organism, (aerobic, facultative and anaerobic) amino acids, nutrients and polysaccharides that are non-pathogenic and non-toxic.

- ◆ Improve water quality & clarity
- ◆ Improve Ph balance
- ◆ Improve oxygen levels
- ◆ Reduce biochemical oxygen demands
- ◆ Reduce sludge & total suspended solids
- ◆ Reduce ammonia levels
- ◆ Reduce nitrate and phosphate levels
- ◆ Reduce anaerobic layer
