Fulvex[®] Fulvic Acid

AG Technical Information

Fulvex[®] is a concentrated liquid fulvic acid supplement. It has a relatively small molecular structure that readily enters plant roots, stems and leaves. The cation exchange capacity (CEC) is almost double that of humic acids. Fulvic acids are the most effective carbon-containing chelating compounds known. They transport trace minerals directly to metabolic sites in plant cells and are soluble in any liquid with a pH above one.

Application Details

Fulvex[®] application rate is 1-2 gallons concentrate per acre. Can be used for foliar, drip, and sprayer applications. **May aid in nutrient uptake.** Dilute a minimum 1 gallon product to 10 gallons water. Use appropriate amount of water for proper application. Contact BioLynceus for additional application options.

Directions for Use

Use alone or with organic or conventional fertilizers and nutrient mixes. This product is compatible with nitrogen base fertilizers (UN-32, CAN-17). Use with appropriate water dilution. Jar test for compatibility before mixing with other chemicals.

Storage and Handling

In case of accidental exposure, flush with water. Temporary staining of skin may occur. Product is non-hazardous. Store in a cool, dry place out of direct sunlight. Do not allow product to freeze. For safety, use protective eyewear and protective gloves. For MSDS information contact your environmental contact.

Derivation

Contains nonplant food ingredient. Fulvic Acid derived from humus.

Density

8.30 lb per gallon

0.99 kg per liter

Keep Away From Children - Not for Human Consumption Do not allow product to freeze.

Note: buyer assumes all risk of use, storage and handling of this material. Neither the manufacturer, seller, nor its agents, make any warranty, expressed or implied, concerning this product, except in conformity with statements on the label. Information regarding this product can be obtained from BioLynceus[®].

This product is distributed by BioLynceus[®] Environmental Solutions. Fulvex[®] Fulvic Acid is registered and manufactured by Global Organics.
